

## **M.A. Economics Programme Outcome**

P.G. course content has been designed with the twin objective of enabling the students to have an in-depth knowledge in Economic Theory and Practice as well as to give an exposure to real world applications. The theory papers are structured in such a way that there is a balance between economic theory and its application.

Adequate importance has been given to viewing the Indian Economy from a policy perspective, to apply the principles for understanding the macro economic model building of the Indian Economy. With the advent of economic liberalisation there have been plethora of changes in Indian policy making. The course content of all the papers includes these changes. The course has incorporated quantitative tools and techniques by Papers on Applied Mathematics, Applied Statistics, Econometrics to complement the theory papers which help the students in their project work.

Paper on “Economics of Social Issues” encourage students to take up Projects on Health, Education Poverty, Environment, Women, Education etc.

To equip and motivate the students for self-employment, the department offers the following papers as skill based subject, Analytical Reasoning Levels I, II and III

Project work is a compulsory part of the course content for P.G. The students are provided with an opportunity to pursue fieldwork in specific areas for the project work. The project work gains special significance because of the department’s tie up with the leading research institutes in the city. This has enabled the department to gain access to the research experience of experts from these institutes.

## M.A. Economics

	Name of the Course	Course Code	Name of the Program	Course Outcome	Year of introduction	End Year
SEM I	Advanced Micro Economics	1EC01	M.A. Economics	Widens knowledge in application of economic theories and to make analysis	2010	till date
	Advanced Macro Economics	1EC02	M.A. Economics	Widens knowledge in application of economic theories and to make analysis	2010	till date
	Public Economics I	1EC03	M.A. Economics	Widens knowledge on fiscal system, fiscal policies, budget, tax system.	2010	till date
	Applied Mathematics	1EC04	M.A. Economics	Enhances quantitative skills to get admission into advanced centres of learning to pursue higher studies like Applied Economics, Post Graduation in Econometrics, Management Courses	2010	till date
	Agricultural Economy of India	1EC05	M.A. Economics	Gives exposure to the status of our agriculture and the impact of various policies upon agriculture.	2010	till date
	Analytical Reasoning I	SAR1	M.A. Economics	Forms Quantitative ability, Analytical Skill, Logical Reasoning Skill, and widens knowledge to appear for Civil Services Exams, Competitive Exams,	2011	till date
SEM II	Theory of the Firm	2EC06	M.A. Economics	Widens knowledge in application of economic theories and to make analysis	2010	till date
	Macro Economic Policies	2EC07	M.A. Economics	Widens knowledge in application of economic theories and policies and to make analysis	2010	till date
	Public Economics II	2EC08	M.A. Economics	Widens knowledge on fiscal system, fiscal policies, budget, tax system.	2010	till date
	Applied Statistics	2EC09c	M.A. Economics	Enhances quantitative skills to get admission into advanced centres of learning to pursue higher studies like Applied Economics, Post Graduation in Econometrics, Management Courses	2010	till date
	Human Development	2CBEC1a	M.A. Economics	Provides information on approaches to human development, policies for human development	2013	till date
	Analytical Reasoning II	SAR2	M.A. Economics	Forms Quantitative ability, Analytical Skill, Logical Reasoning Skill, and widens knowledge to appear for Civil Services Exams, Competitive Exams.	2011	till date

SEM III	Environmental Economics	3EC11a	M.A. Economics	Creates awareness on environment and its issues and the measures and methods to control pollution and protect environment	2010	till date
	Economics of Money and Credit	3EC12	M.A. Economics	Provides knowledge on circulation of money and banking practices.	2010	till date
	International Economics	3EC13b	M.A. Economics	Widens knowledge on trade theories, monetary system, trade policies, international capital market	2010	till date
	Introduction to Econometrics	3EC14b	M.A. Economics	Enhances quantitative skills and facilitates students to get admission into advanced centres of learning to pursue higher studies in courses like Applied Economics, Post Graduation in Econometrics	2010	till date
	Insurance	3CBEC1a	M.A. Economics	Forms skills to get employment in Insurance Companies/to register as an Insurance agent.	2013	till date
	Analytical Reasoning II	SAR3	M.A. Economics	Forms Quantitative ability, Analytical Skill, Logical Reasoning Skill, and widens knowledge to appear for Civil Services Exams, Competitive Exams,	2011	till date
SEM IV	Indian Financial System	4EC16b	M.A. Economics	Gives information on the financial system and operations in India	2010	till date
	Industry and Planning in India	4EC17b	M.A. Economics	Gives insight into five-year plan and achievements and development of industries.	2010	till date
	Economics of Growth and Development	4EC18a	M.A. Economics	Widens knowledge on application of theories for economic growth and development.	2010	till date
	Economics of Social Sector	4EC19b	M.A. Economics	Gives insight into education sector, health sector, women as a resource, policies for development of social sector	2010	till date
	Research Methodology	4EC20a	M.A. Economics	Provides methodology to pursue research work	2004	till date
	Project Work	4ECPR	M.A. Economics	Gives insight to pursue research work	1999	till date
	Project Viva Voce	4ECPV	M.A. Economics	Gives insight to pursue research work	2000	till date
	Quality Control Circle (Theory)	OQCC	M.A. Economics	Develops leadership quality and ensures quality in work	2011	till date
	Quality Control Circle (Presentation)	OQCCP	M.A. Economics	Develops leadership quality and ensures quality in work	2011	till date
